**Entertainment Technology, Inc.**

Joe Neese

155 Athens Hwy. 78

Loganville, Ga. 30052

I wanted to take this opportunity to thank you for all the great work you have done for us over the last nine years. Shortly after moving into our new home in 1999, you installed our first entertainment system. Three renovations, two additions, a pool and covered porch later we have continued to call on you to help us meet all of our entertainment needs.

You have worked on a number of projects for us, small ones lasting a few days and others lasting a number of weeks. You have always listened to our ideas and then consistently presented to us a plan to meet our needs. The equipment, hardware and software recommended have been of the highest quality, and we have been extremely pleased with the performance of the systems that you have installed.

We have come to know your technical team over the years and have always been impressed with their knowledge, professionalism and their friendliness. We have always placed a great deal of trust in them. On many occasions when we had to leave for work, an appointment or simply to run an errand, we have just left the property in the care of your team.

Over the years, we have experienced minimal issues, some technical and some brought on by Mother Nature. But regardless of the problem, we just picked up the phone and in most cases you had someone out to take care of the problem the next day.

You have a great team, and we look forward to working with you on our next project.

Sincerely,

M. Turnage
